

From EveryOne Asia to 2BC Champion Training in Batam, Indonesia

After EveryOne Asia our Team traveled to Batam, Indonesia, to equip Children and their Parents to become 2BC Champions at a multicampus church. Several of the church leadership team had also been with us for EveryOne Asia.

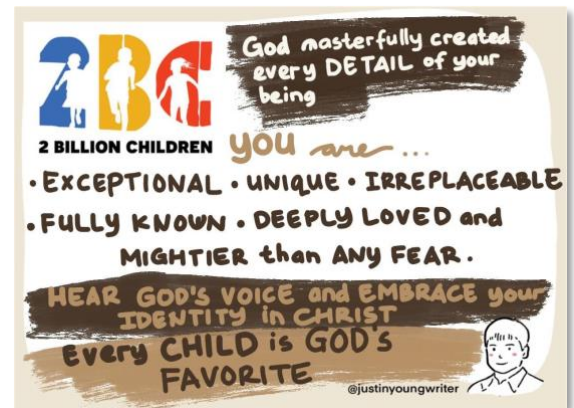

We shared about becoming 2BC Champions by committing to:

- Hearing the voice of our Heavenly Father
- Knowing our identity in Christ and
- Being empowered by God's Spirit to share His love with others

14-year-old Justin Gunawan served a model as he lives out these values. Justin, as you may know, is autistic. But he is truly amazing. He sent us this message to share during the training.

Some from our team took the training on to other areas across Indonesia.

The kids loved Justin. They were excited to be 2BC Champions like him. They wrote down five names of those they would pray for and seek to find ways to share the Gospel. The second day their parents joined us to learn about becoming **2BC Champion Families** and **Churches** in the community. Wow! **2BC Champion Families!**

In August our Korean friends from Billion Soul Harvest asked us share about 2BC Champions with their children. They will be with us again in Korea, from Sept 21 to Oct 4 for Lausanne4 **and** the Global Harvest Summit.

Friends, so many doors are opening. **This is God's time for Children! It's God's time for Harvest!** So thankful for your prayers and your partnership.

Let's mobilize **EveryOne** to reach **EveryOne - EveryWhere!** Tom Victor
